

French

At Fawkham CEP School

Intent

Here at Fawkham, we provide a quality French education which fosters children's curiosity and deepens their understanding of the world. We enable children to express their ideas and thoughts and respond both in speech and in writing. We provide opportunities for children to communicate for practical purposes culminating in a day visit to France in upper Key Stage 2.

At Fawkham we have chosen to study French due to the fact that many of our children holiday regularly in France. In addition, our Kent location makes travel to France possible.

Our French curriculum covers a broad range of topics and ensures progression throughout key stage 2 to provide the foundation for learning further languages, equipping children to study and work in other countries.

As we are non-specialist language teachers, we have chosen to use a range of pre-written plans and resources to support our teaching.
