

# Dormice Class

We have had a fantastic start to school! Our topic in Autumn 1 was "Marvellous Me" and this term it is "Twinkle Twinkle". Have a look at some of our fantastic learning!

We love being in the outdoor classroom and exploring all of the resources and activities set up for us.

We really enjoy going into our Forest and taking part in activities there. We have enjoyed exploring and finding out about the nature around us. We even toasted marshmallows on an open fire to make S'mores!

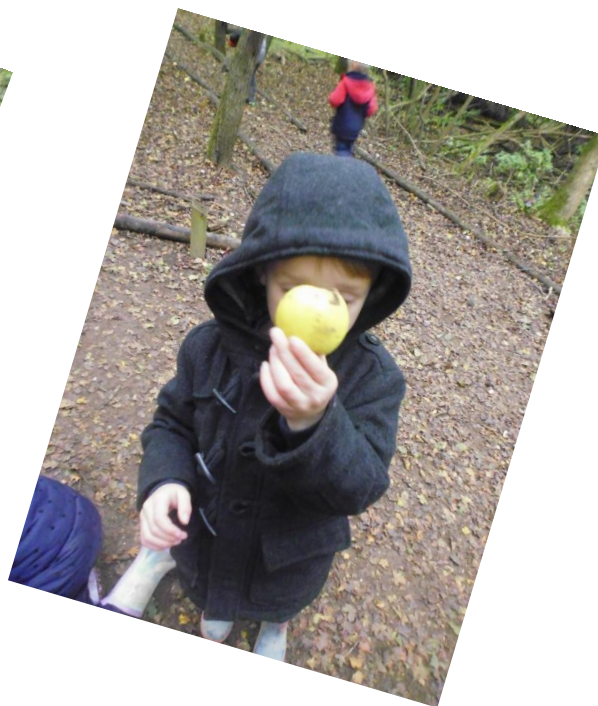

We explore Art in different ways in Dormice Class. We are creative inside and outside of the classroom. We have made portraits, practised our drawing and colouring skills, mixed paint to create new colours and much more!

We took part in Teams day and we had two Pirates in the forest! We needed to use our investigation skills to find all of the pirate items. We also took part in some transient art, where we made pictures of Pirate related resources using the natural items around us.

## Roots to Food Day

This was such an exciting day! Dormice Class were able to be chefs for the day and eat what they made! Lots of skills were used and such a rich experience!
