### THIS WEEK'S LEARNING:

<u>Subject</u>	<u>Overview</u>
English	We will be planning and creating our own comics, including the features of comics we have identified last week.
Maths	Year 1s are going to be starting their new Topic "Length and Height", where we will be comparing heights and using a ruler to measure objects. Year 2s are going to be moving onto their new Topic "Multiplication and Division", where they will be making, recognising and adding equal groups.
PE	We will be maintaining our balance with a partner. We will also be having fun taking part in personal best challenges with a 'roller ball'.
PSHE	We will be considering how people make choices with what they do with money.
Science	We will be conducting an experiment to see how we can make a toy car travel further.
RE	We will be discussing why Christians believe in Heaven.
Computing	We will be programming a Beebot.
