George

Why did we want to be in the Eco Team?

Many of us agreed that it is our responsibility to look after the world that God created for us, and a great way to do this is to be a part of the Eco Team and raise awareness of the need to save our planet.

- Our Intent -

To make our school more eco-friendly through our ideas and actions.

Our display board in school:

Interact with our display!

Our display contains interactive features such as post-it-notes and word searches - feel free to take one and share your ideas with us!

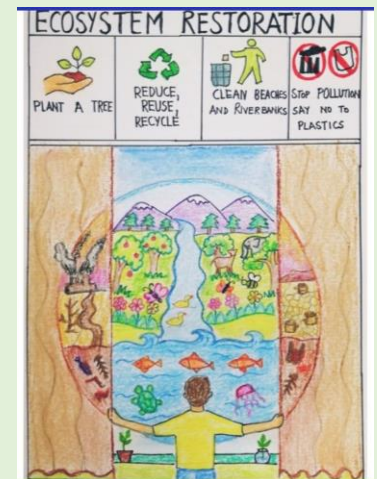

Our plans for the rest of the year:

We plan to carry out a questionnaire with the school to assess which areas we need to improve on in order to become a more eco-friendly school. We also aim to educate our peers to enable them to become more environmentally friendly in their day-to-day life.

🌱 - CHALLENGE! - 🌱

We challenge you to create a poster to encourage people to save our planet! We hope to stick these up around school... so make it stand out!

You could include: drawings, facts, quotes, photos.

Eco-themed Books That We Recommend:

(Find them in your classrooms or in our School Library)
